

## Annex 2. Data policy agreement

By signing this agreement, the undersigned who have or may have access to the \_\_\_\_\_ data sent by to the Resin-Lab Network manager to be included on the resin database, within the Sust-Fores + project led by CESEFOR, undertake

1. To include the aforementioned data in the “SustForest +” resin database, included in the REDInia Repository, in accordance with the terms of reference of said database (Annex 1) and of the REDInia repository and in order to reach the objectives of the project.
2. The data will be freely accessible, except if an embargo period of X years from the date of this agreement and / or restricted access of this data to third parties is indicated in this document.
3. Not transfer or provide this information to third parties during the period of embargo / restricted access without the permission of the owner.
4. To adopt as many precautions and measures as are necessary to prevent third parties from accessing said data.
5. To use the data provided to meet the objectives of the project.
6. To request authorization from the owner of the data to make a derivative base that contains part or results derived from the data provided.
7. To mention the contribution of the owner in any publication that derives from the use of this data. The appointment will be made according to the following instructions:
